Introducing the Management Console

Log On

The PHEMI Central Management Console is web-based.

📝   **Note:** Use either Mozilla Firefox or Google Chrome to access the PHEMI Central Management Console. Microsoft Internet Explorer is not supported.

The URL for PHEMI Central is configured during installation and setup of the PHEMI system. Your PHEMI representative will provide you with the URL.

To access the PHEMI Central Management Console:

1. In the address bar of the browser, enter the URL configured for the PHEMI Central Management Console.

   The PHEMI Central login screen appears.

2. Enter your user name and password. Click **Login**.
   The PHEMI Central Management Console launches.The Management Console initially opens on the Data Sources page. Subsequently, the system remembers the last page you viewed and opens on that page.

Quick Tour of the Management Console

What Can I Do in the Management Console?

Your user role determines what part of the PHEMI Central Management Console you can access.
